## NONIONIZING FEE SCHEDULE

The Nonionizing Compliance Program charges an **APPLICATION FEE** for new applicants and an **ANNUAL FEE** for existing registrations. Annual Fee Notices are mailed between Thanksgiving and December 1 each year for the following year and are due and payable by January 1.

The **APPLICATION** or **ANNUAL FEE** charged is based on the number of units registered at the time of billing and the discipline, except for the Laser Light Shows. The following chart lists the disciplines and their per unit charge:

Tanning Facility (per device).....	\$28.00	(IPL) Class II/Cosmetic Laser (per unit).....	\$47.00
Class A Laser Facility (1-10 lasers).....	\$175.00	Medical RF Device Facility (per unit).....	\$47.00
Class B Laser Facility (11-49 lasers).....	\$408.00	Class A Industrial RF Facility (1-5 units).....	\$70.00
Class C Laser Facility (50+ lasers).....	\$699.00	Class B Industrial RF Facility (6-20 units)...	\$210.00

There is no charge for adding units during the year. Likewise, there are no refunds during the year for deleting units. Refunds are processed for balancing fee payment errors only.

You must apply for a new registration of your nonionizing equipment within 30 days of installation. Registration is not complete until the **APPLICATION FEE** payment is received by the Agency.

If your facility has not been previously registered, or if your facility is opening an additional location, you will be charged the **APPLICATION FEE**. This **APPLICATION FEE** is no longer pro-rated.

If you have problems calculating the fee, please call and someone will assist you.

The Agency is not currently set up to accept credit cards or to make payment over the Internet.

Your cancelled check will serve as your receipt.
